

PRESS REPORTS

Rome, 24 June 2022 – With reference to press reports appearing in some online newspapers regarding the subsidiary RCS Lab, Cy4Gate informs that:

RCS Lab is an Italian company which has been operating since 1992 supporting national and international governments. On 28 March 2022, Cy4Gate acquired the Aurora Group, of which RCS Lab is part.

The company's core business is the design, production and implementation of software platforms dedicated to lawful interception, forensic intelligence, and data analysis. In this specific field, products and services are provided to law enforcement agencies to support the prevention and investigation of serious crimes such as acts of terrorism, drug trafficking, organized crime, child abuse, corruption, etc.

RCS Lab exports its products in compliance with both national and European rules and regulations. Any sales or implementation of products is performed only after receiving an official authorization from the competent national authorities. The products supplied to customers are installed at their facilities, and RCS Lab personnel are not permitted under any circumstances to carry out operational activities in support of the customer or to have access to the processed data.

The Cy4gate Group adheres to the UN Global Compact and therefore condemns all forms of human rights violations. RCS Lab's products are provided with a clear, specific and exclusive purpose: to support law enforcement agencies in the prevention and suppression of heinous crimes.

The Cy4Gate Group is proud to offer its technologies at the service of law enforcement agencies in full compliance with current regulations, with great ethics and professionalism.
