

**CY4GATE: THE ITALIAN REGULATORY AUTHORITY FOR ENERGY, NETWORKS AND ENVIRONMENT
(ARERA) SIGNS AN AGREEMENT WITH CY4GATE AND INMATICA TO TEST CYBER SECURITY,
INCIDENT RESPONSE AND DECISION SUPPORT SOLUTIONS**

Rome, 26 November 2021- **CY4GATE** (EGM: CY4) - a company active in all areas of the cyber market, announces that, together with **INMATICA** – a company operating for over 30 years in the information technology sector as systems integrator and IT service provider, mainly for the public administration and private entities across various market sectors, energy and telecommunications in particular – has signed an agreement for cyber security, incident response and decision support products and services to be tested at the Italian Regulatory Authority for Energy, Networks and Environment (ARERA).

The partners have already successfully kicked off collaborative activities, including the integration of CY4GATE's proprietary RTA and QUIPO technology to support ARERA in monitoring and deterring cyber attacks using innovative, cutting-edge solutions.

“The objective is to equip our systems with Italian technologies that can effectively monitor and defend the public administration's infrastructures, drawing on new know-how that will usher in innovative cybercrime-fighting capabilities, actively contributing to the protection of the national cyber security perimeter,” explained **Luca Lazza, Head of Information Systems at ARERA**

“Today, cyber security is a must to ensure our clients and stakeholders can defend themselves against the serious risk of operational downtime, with the consequent economic and reputational damage. In CY4GATE we have found a reliable industry partner, one that expresses the full extent of its potential with QUIPO, a decision intelligence and RTA software platform and the flagship cyber security solution,” noted **Filippo Penelaggi, Founder of Inmatica**.

“The agreement with the Italian Regulatory Authority for Energy, Networks and Environment is yet another sign of the trust that our clients have placed in the customer value proposition that CY4GATE has consolidated over the past three years and underscores the role that our company has taken on in the vast and complex national cyber security market,” remarked **Emanuele Galtieri, CEO of CY4GATE**.

About CY4GATE

CY4GATE was founded in 2014 to meet demand for unconventional cybersecurity solutions. Listed on the AIM since June 2020, CY4GATE was created to design, develop and produce technologies, products, systems and services that respond to even the most rigorous and sophisticated cyber intelligence & cybersecurity needs of Law Enforcement Agencies, the Armed Forces, Institutions and Businesses in Italy and abroad. With its one-of-a-kind Italian business model, CY4GATE covers the entire cyber market with proprietary products for both data collection and analysis and security: Quipo and Igea in Cyber Intelligence and RTA in Cyber Security.
