

OVER THE LAST TWO MONTHS, THE CY4GATE GROUP HAS SECURED MAJOR CONTRACTS FOR ITALIAN AND FOREIGN INSTITUTIONAL CLIENTS IN THE FIELD OF DECISION INTELLIGENCE

THE TOTAL VALUE OF THE CONTRACTS AMOUNTS TO APPROXIMATELY € 7 MILLION WITH A TERM RUNNING UNTIL 2026

Rome, **June 23, 2026** - CY4GATE Group (CY4.MI), a national and European cybersecurity and cyber intelligence player, **announces that it has finalised contracts with leading Italian and foreign institutional clients**, with a **total value of approximately € 7 million**, relating to the procurement of services and technologies in the field of Decision Intelligence.

The contracts provide for the **supply of advanced technological solutions, developed entirely by the Group** in the field of Decision Intelligence, a sector in which CY4GATE continues to consolidate its position, which is already recognised by the market.

Globally, the Decision Intelligence market is experiencing a period of expansion, reflecting a deep transformation in the way institutions, businesses and government organisations manage the complexity of their decision-making processes. In contexts characterised by growing uncertainty, the ability to acquire, integrate and interpret many data to generate strategic insights has now established itself as a critical resource, far beyond its traditional role as a supplementary aid to decision-making.

In this context, CY4GATE stands out for its ability to provide a practical and timely response to these needs, thanks to constantly evolving technologies and cutting-edge features. Its ongoing investment in Research and Development enables it to keep pace with developments in digital transformation and, above all, to anticipate future trends.
