

**CY4GATE WINS CONTRACT WITH A TOTAL VALUE OF APPROXIMATELY €500,000
FROM A MAJOR ITALIAN HIGH-TECH COMPANY, CONTINUING ITS STRATEGY FOR**

CONSOLIDATING ITS POSITION IN THE CORPORATE MARKET

Rome, 05 July 2021 - CY4GATE, (AIM: CY4) - a comprehensive cyber intelligence and cyber security market provider - announces that it has won a contract to complete a complex decision-intelligence project with a value of approximately €500,000 for a major Italian corporate high-tech player.

The project, based on the Quipo product family of architectures and technologies dedicated to data intelligence, is aimed at reinforcing the client's ongoing process of digital transformation in view of facilitating use of available big data, thus supporting **key decision-makers** in making the decisions within their purview as quickly as possible and reducing the margins of error entailed by the complexity typical of a company's economic, strategic and business plans.

CY4GATE, selected through a complex selection process, successfully demonstrated the capacities and expertise it has honed in synergistically deploying modern technologies and effective algorithms that enable its platform of semantic, predictive and prescriptive analysis of data collected. These cutting-edge algorithms are capable of ensuring high levels of automation of the entire decision-intelligence process, ranging from collection of OSINT data to analysis, correlation and dissemination through a particularly advanced, modular and user-friendly graphical user interface, fully constructed according to the needs expressed by the client.

***Emanuele Galtieri**, CEO and General Manager of CY4GATE, commented: "For CY4GATE, this important contract represents clear recognition of the excellence that the company has achieved in the quality of its products and services and a strong sign of confidence from the companies that choose us and are looking with increasing interest and attention to our value proposition in both the intelligence and security segments."*

CY4GATE was founded in 2014 to meet demand for unconventional cybersecurity solutions. Listed on the AIM since June 2020, CY4GATE was created to design, develop and produce technologies, products and services that respond to even the most rigorous and sophisticated "Cyber Intelligence & Cyber Security" needs expressed by the Armed forces, Police, Intelligence Agencies and Companies in Italy and abroad. With its one-of-a-kind Italian business model, CY4GATE covers the entire cyber market with proprietary products for both data collection and analysis and security: QUIPO and Igea for cyber intelligence; RTA for Cyber Security.
