

Press release

**CY4GATE GROUP HAS AWARDED A DECISION INTELLIGENCE CONTRACT
WITH A FOREIGN INSTITUTIONAL CUSTOMER FOR A TOTAL VALUE OF APPROXIMATELY
7 MILLION EUROS AND WITH A DURATION OF 3 YEARS**

**CY4GATE CONTINUES TO INCREASE ITS RELEVANT ROLE IN THE FOREIGN MARKET AND
CONTINUES IN ITS DEVELOPMENT PATH**

Rome, 11 December 2023 - **CY4GATE (CY4.MI)**, a national and European player in cyber security and cyber intelligence, has signed an important contract with an **European institutional client** for the **supply of its Decision Intelligence systems**. The overall value of the contract acquired amounts to approximately **7 million euros for a duration of 36 months**.

Cy4Gate will provide cutting-edge technology to aggregate information from heterogeneous sources in order to meet the specific needs of institutional clients, allowing them to use the big data in their possession more efficiently and effectively. These are cutting-edge decision support tools, characterized by a high degree of automation and a notable ability to enrich information and visualize it through intuitive and easy-to-use dashboards. Cy4Gate's technology uses artificial intelligence supported by a set of proprietary algorithms verticalized for specific purposes.

For the year 2023, Cy4Gate was once again recognized by Gartner as a "Representative Provider" precisely for its capabilities in the development and profitable use of Artificial Intelligence (Composite AI).

Cy4Gate continues to increase its relevance in the foreign market - and thanks to its modular and flexible offering and all-Italian technology, it succeeds in satisfying very challenging and appreciated market niches.

Emanuele Galtieri, CEO and General Manager of Cy4Gate Group, declared: *"It is a new challenge won in Europe, in a highly competitive and niche market in which results are achieved if state-of-the-art technologies are proposed together with the ability to monitor and customer support. We have ensured a "turn-key" solution that has allowed us to avoid having to resort to multiple suppliers to satisfy the complex needs in this market segment. Having been chosen for the implementation of this project is a source of great satisfaction for us, as the company has been recognized as having technological expertise in line with the best market standards accompanied by an ability to ensure an effective proximity service in the phases of delivery and in the use of the platform which is essential to guarantee the end user to fully exploit the potential of decision intelligence".*
