CY4GATE GROUP AMONG THE KEY PARTICIPANTS IN THE “AI REVOLUTION: WHO WINS AND WHO LOSES” EVENT ORGANIZED BY INTERMONTE AND ALKEMIA CAPITAL

Rome, June 4, 2026 - **CY4GATE (CY4.MI)**, a national and European player in cyber security and cyber intelligence, announces its participation in the event “AI Revolution: Who Wins and Who Loses? AI Transforming Business: From Software to Infrastructure, Where New Value Is Created”, organized by Intermonte and Alkemia Capital and taking place today, June 4, at the Hotel Principe di Savoia in Milan.

The event provides a prestigious forum for institutional investors, senior executives, and listed companies involved in the development and deployment of Artificial Intelligence-based solutions. It offers a valuable opportunity to explore the key trends shaping the evolution of the sector, share growth strategies, and highlight the development prospects of companies at the forefront of the ongoing technological transformation.

Representing the Company at the event is Emanuele Galtieri, CEO and General Manager of Cy4Gate Group, who commented: *“Artificial Intelligence is playing an increasingly central role in the innovation and digital transformation processes of businesses and organizations. In this context, events such as this provide an important opportunity to explore the opportunities offered by emerging technologies and the future evolution of the market. They also offer a valuable forum for engaging with the financial community on the key trends shaping the sector and on the Group’s growth prospects, which are supported by growing demand for advanced solutions to protect information systems and critical infrastructure”*. The CEO is also among the speakers participating in the panel discussion “Applied AI: From Technological Promise to Measurable Industrial Value,” moderated by Andrea Cabrini, Class CNBC Director, where he will share Cy4Gate Group’s perspective on the evolution of AI applications and their contribution to enhancing organizational growth and competitiveness.
