CY4GATE CHOOSES JAKALA FOR THE DEVELOPMENT OF PRONTOCYBER®, THE FIRST E-COMMERCE PLATFORM FOR CYBERSECURITY

CY4GATE CONTINUES IN THE CONSOLIDATING PROCESS OF ITS OFFER IN THE CYBER SECTOR WITH A SOLUTION DESIGNED FOR PROFESSIONALS, SMES AND LARGE ENTERPRISES

Roma, 02 August 2023 – **CY4GATE (CY4.MI),** a group operating in the all-encompassing cyber security and cyber intelligence market, and JAKALA, a MarTech company leader in digital transformation, announce that they have collaborated on the development of ProntoCyber®: the first e-commerce platform for cybersecurity designed for professionals, SMEs and Large Enterprises. This is an ambitious project that sees JAKALA's digital skills at the service of Cy4Gate's know-how on the cyber domain, creating a solution that fits into the Company's strategic portfolio and which aims to address and solve the needs in terms of cyber security for the market segment of Professionals and SMEs, particularly exposed to cyber risks and poorly prepared from a cyber resilience point of view.

With ProntoCyber® Cy4Gate adds to its offering the "digital emergency response" platform for cyber incidents, whose services, designed for Enterprises, Professionals and SMEs that are increasingly exposed and subject to cyberattacks with a strong growth trend both for number of events which, due to their criticality and impact on the business, are offered via the platform with the subscription of an annual plan. This guarantees support from both an IT and legal point of view and is proposed as a para-insurance model that allows the customer to subscribe to the service in very advantageous economic conditions if compared with the market value of the same assets in an attack situation computer in progress. A platform that represents a real cyber security marketplace, thanks to which numerous solutions (e.g. legal consultancy, Log Management, Vulnerability Assessment and Penetration Testing) find space to respond to the concrete needs of customers, whether they are Large Enterprises, SMEs or Professionals.

Giacomo Lorusso, CEO di JAKALA: "JAKALA is at the side of its customers to find innovative and customized solutions for their needs. ProntoCyber® expresses all this ability; is an e-commerce platform for cyber security that aims to accompany professionals, small and medium-sized enterprises and local authorities in the adoption of innovative security services. ProntoCyber® offers an evolved customer experience, designed to support end users towards a cutting-edge technological change that helps them manage IT security" - says Giacomo Lorusso, Managing Director of JAKALA and CEO of JAKALA Civitas - We are proud of this collaboration with Cy4Gate which mutually strengthens us and offers the market an effective and innovative solution".

Emanuele Galtieri, CEO and General Manager of Cy4Gate Group commented: "SMEs represent the backbone of the national productive fabric in terms of turnover and number of employees but also a significant part of the supply chain of large companies that offer essential products and services. Statistics show that SMEs are increasingly being targeted by malicious actors and subjected to cyberattacks. ProntoCyber® represents a decisive step forward in the path of opening the company towards an offering dedicated to them, with a solution designed to fully respond to the difficulties that characterize this delicate and important market segment. The small-medium business, in fact, brings together a complex of entrepreneurial realities that often do not have the necessary technical and financial resources to face such a pervasive cyber threat. Thanks to the development of ProntoCyber®, a solution conveyed through the online platform of the same name, Cy4Gate makes its knowledge and the best technologies available to strengthen the cyber resilience not only of Large Enterprises, but also to give access to smaller companies to an ecosystem of services and solutions tailored for them".
