

**CY4GATE AND REEVO HAVE SIGNED A LONG-TERM AGREEMENT FOR THE PROVISION OF  
ADVANCED CYBER SECURITY SERVICES USING RTA TECHNOLOGIES INTEGRATED IN THE CLOUD**

**A PARTNERSHIP BETWEEN TWO ITALIAN-OWNED AND ITALIAN-RUN COMPANIES TO PROTECT  
THE DATA AND APPLICATIONS OF ITALIAN BUSINESSES AND INSTITUTIONS**

**INCREASINGLY SECURE CLOUD-BASED DATA**

**CY4GATE CONTINUES TO EXPAND BY PARTNERING WITH SERVICE PROVIDERS**

**REEVO FURTHER RAMPS UP ITS GROWTH IN CYBER SECURITY**

**Rome, 20 October 2021** – **Cy4Gate** (AIM: CY4) - a company active in all areas of the cyber intelligence and cyber security market - and **ReeVo S.p.A.** - an innovative small/medium-size company (AIM: Reevo) and Italian full-stack cloud & cyber security provider specialized in cloud solutions and services, offering a complete range of cloud services (Cyber Security, Cloud, Multi Cloud & Hybrid Cloud) for over 15 years - announce that they have signed a long-term agreement in which ReeVo will provide cloud and cyber security services while CY4GATE will develop and deliver cyber security technologies based on Real Time Analytics (RTA), its flagship product.

The two Italian-owned and Italian-run companies are partnering to deliver advanced, cloud-native cyber security services.

This long-term strategic alliance is poised to be a crucial driver for the provision of cyber security solutions serving the country's businesses and institutions to protect their data and applications.

The agreement provides for: i) the integration and use of RTA technology – a solution developed by **CY4GATE** to monitor cyber security and rapidly identify any cyber incidents – in **ReeVo's** Security Operation Center (SOC) services; and ii) the use of **ReeVo's** Cloud services delivered by Rating 4/Tier IV datacenters throughout Italy to provide **CY4GATE's** RTA technology on a SaaS basis.

Joining forces, CY4GATE's and ReeVo's cyber security teams will work together to create an incident response task force that swiftly responds to cyber attacks on clients protected by ReeVo services using CY4GATE technology.

**Antonio Giannetto, Founder and CEO of ReeVo**, remarked, *"ReeVo's mission has always been to provide impeccable cloud services at datacenters around the country, with the highest levels of reliability and always with utmost attention to data protection. This new partnership - unprecedented and proudly 100% Italian - is another milestone in our goal of providing services with maximum cyber security, relying on the RTA*

*developed using CY4GATE's cutting-edge technology. I am confident that this agreement will bring ReeVo great satisfaction, as it reinforces and amplifies our dependability with exciting growth in the corporate and public sector market throughout Italy."*

**Emanuele Galtieri, CEO and General Manager of CY4GATE**, noted, *"We are thrilled with this partnership that, in line with CY4GATE's strategy, combines the products and services designed and developed in Italy by two national companies. Using ReeVo's highly reliable cloud and datacenter services across Italy, we will reach an ever greater catchment area and give our cyber security products another boost. It is in our DNA to protect the data of our country's private and public sectors by developing products like RTA. And the ongoing cyber attacks at all levels and in all sectors demonstrate how vital it is to have significant expertise and substantial investments in research and reliability for those that, as this partnership shows, work to protect the interests of our country's citizens and institutions.*

#### About CY4GATE

CY4GATE was founded in 2014 to meet demand for unconventional cybersecurity solutions. Listed on the AIM since June 2020, CY4GATE was created to design, develop and produce technologies, products, systems and services that respond to even the most rigorous and sophisticated cyber intelligence & cybersecurity needs of Law Enforcement Agencies, the Armed Forces, Institutions and Businesses in Italy and abroad. With its one-of-a-kind Italian business model, CY4GATE covers the entire cyber market with proprietary products for both data collection and analysis and security: Quipo and Igea in Cyber Intelligence and RTA in Cyber Security.
