

CY4GATE WILL SUPPLY A MAJOR CYBER SECURITY SOFTWARE SYSTEM TO A TOP GOVERNMENT SECURITY ORGANISATION AS THE THIRD LOT OF A LARGER PROJECT

WORTH ROUGHLY €250,000, THIS PROJECT, COMBINED WITH THE MANY OTHER CONTRACTS ANNOUNCED AT YEAR END, CONFIRMS THE SUCCESS OF CY4GATE'S ANTI-CYCLICAL BUSINESS MODEL RESILIENT TO EXOGENOUS FACTORS

Rome, 30 December 2020 - CY4GATE, (AIM: CY4) - a company active in all the areas of the cyber market, announces that it will supply a major cyber security software system to a top government security organisation.

This supply constitutes the third lot of the series announced in the press releases of 23 December 2020 and 29 December 2020 and demonstrates the strength of the company's comprehensive cyber business model and its ability to generate benefits for customers by resolving real-life issues through its extensive catalogue of software products sold individually or as integrated packages of advanced cyber security and cyber intelligence suites.

Eugenio Santagata, CEO of CY4GATE, stated: *"After the outstanding results of the first half of the year and the many contracts announced in recent weeks, we are closing 2020 with this supply. As predicted during the IPO, CY4GATE's business model has proved to be anti-cyclical and resilient to exogenous factors. Furthermore, the second half of the year is always decisive, when the work developed in the first half comes to fruition.*

On behalf of everyone at CY4GATE, I would like to wish all our shareholders a happy 2021 and express my sincere thanks for the trust they have placed in our team and our 100% made-in-Italy software technology."

About CY4GATE

CY4GATE was founded in 2014 to meet demand for unconventional cybersecurity solutions. Listed on the AIM since June 2020, CY4GATE was created to design, develop and produce technologies, products and services that respond to even the most rigorous and sophisticated cyber intelligence & cybersecurity needs of the Armed forces, Police, Intelligence Agencies and Businesses in Italy and abroad. With its one-of-a-kind Italian business model, **CY4GATE** covers the entire cyber market with proprietary products for both data collection and analysis and security: DSINT, HYDRA, EPEIUS, Gens.AI and Igea for cyber intelligence; RTA for cybersecurity.
