

CY4GATE PARTICIPATES IN THE NEXT GEMS – MICRO CAP CONFERENCE

Rome, 2 November 2020 - CY4GATE (AIM: CY4) - a company active in all areas of the cyber market, announces that it will be one of the headlining participants at Next Gems, the online event sponsored by VirgilioIR to be held 3 to 5 November.

Dedicated to companies listed on the Italian stock exchange, the event brings together listed micro caps with Italian and international investors.

Eugenio Santagata, CEO, and Luca Lucidi, CFO and Investor Relations Manager will represent the company at the event.

During the video conferences, which will be held as one-to-one meetings or in small groups, CY4GATE management will present the company's performance in the first half of 2020 - highlighting double-digit growth in revenues and economic indicators and sound capitalisation - and explain its proprietary products and commercial strategy to the financial community. The company has recently signed partnership agreements with GAIA-X, the first European cloud project, and Gartner, a US-based research and advisory multinational leader in the global IT advisory industry.

Eugenio Santagata, CEO of CY4GATE announced, "We are thrilled to take part in the first edition of the Next Gems Virtual Investors Conference and have received more than 25 requests for meetings from foreign and domestic institutional investors. In addition to being an important way to give our company and unique business plan visibility, these meetings provide an excellent opportunity to talk with investors accustomed to constantly dealing with a wide variety of different companies and that can offer us new insight from different perspectives."

About CY4GATE The Company was founded in 2014 as a joint venture between Elettronica S.p.A. (a leader for over 60 years in the field of Electronic Countermeasures and currently controlling partner with around 54%) and Expert System S.p.A. (a leading developer of semantic intelligence algorithms) to meet demand for unconventional cybersecurity solutions. CY4GATE was created to design, develop and produce technologies, products and services that respond to even the most rigorous and sophisticated cyber intelligence & cybersecurity needs of the Armed forces, Police, Intelligence Agencies and Businesses in Italy and abroad. With its one-of-a-kind Italian business model, CY4GATE covers the entire cyber market with proprietary products for both data collection and analysis and security: DSINT, HYDRA, EPEIUS, Gens.AI and Igea for cyber intelligence: RTA for cybersecurity.
